### DESCRIPTION:

The Mirror is a two-handed sailing dinghy. The boat has stood the test of time, launched in 1963 and still sailed actively throughout South Africa. Originally designed to be sold in kit form with plywood hull and gaff rig. The Mirror has introduced many generations to the sport of sailing. The Mirror is all about having fun on the water and learning to sail with crew. Mirrors are sailed throughout the country, with active clubs in every province.

The Mirror was named after the *Daily Mirror*, a UK newspaper with a largely working-class distribution. The Mirror was from the start promoted as an affordable boat, and as a design it has done a great deal to make dinghy sailing accessible to a wide audience. (Wikipedia)
